## Our Donors and Supporters

During 2001-2002, MacKillop Family Services has been privileged to have significant support from many individuals, community and business organisations, philanthropic trusts and foundations.

We acknowledge the on-going support from all levels of government - State, Federal and Local Government agencies and departments with whom we work constructively and co-operatively.

We thank the many thousands of generous individual donors who respond so generously to the need in our community. And to the support of philanthropic trusts and foundations, schools, churches and corporate organisations who invest confidence and financial support in MacKillop Family Services.
