

ReLATE

Rethinking Learning and Teaching Environments

Two day Professional Learning Seminars

ReLATE is a whole-school culture change model developed by MacKillop Education Services. Informed by the neuroscience of learning and wellbeing, as well as international education principles, ReLATE integrates understanding of culture, diversity and trauma, so that wellbeing and learning flourish for everyone in the school community.

MacKillop Education draws from its extensive experience creating inclusive schools that are succeeding with re-engagement of children and young people who are at risk, have disengaged or been excluded from education. ReLATE is a flexible, culturally sensitive model designed to be tailored to your school's needs and specific context, through ongoing support of experienced educational consultants.

“ReLATE is more than a program, it’s a philosophy.”

Catholic Education Melbourne Pilot school staff member, 2019

“... when I came here, the stress basically just got lifted off me.”

Secondary student, MacKillop School, 2019

“Teachers actually understand and they actually listen to you.”

Primary student, MacKillop School, 2019

ReLATE Model 2 day Professional Learning Seminars

Learn the ReLATE culture building model, including: introduction to the ReLATE principles and toolkit; applying understanding of culture, diversity and trauma theory to the needs of students, staff and school communities; school-wide and personal practices to enhance safety and sustainability as well as addressing staff wellbeing and support of the growth of professional proficiency aligned to AITSL Standards and as required by state teaching registration boards.

Learning is intensive, including knowledge-building, experiential, group work and personal reflective modes in groups of no more than 30 participants facilitated by expert educators.
